

COMPANY PROFILE

Saudi Advanced Lighting
Technologies Co. Ltd.

B R I L L I G H T
Saudi Advanced Lighting Technologies Co. Ltd.

About Us

Brillight is a premium lighting provider with over 10 years of experience operating in Egypt and Saudi Arabia. We specialize in designing, manufacturing, and delivering trusted lighting solutions tailored to our clients' needs.

Our approach combines innovative design with practical solutions based on feedback from contractors, consultants, and property owners. Our skilled technical team ensures high-quality execution throughout every project phase.

We pride ourselves on exceptional technical support and after-sales service, with professional engineers and sales representatives ready to assist with inquiries, design challenges, and installation guidance.

Our Vision

We dream to spread out our methodology and process of tailor made lighting solutions while providing it to the area of GCC, Middle East and Africa.

Our Mission

Brillight team are committed to bring the best fit to the client vision and needs by designing, manufacturing and installing the most suitable lighting solution with the power of customization.

Our Services

Design

We provide comprehensive lighting design services from concept to completion:

- Identifying specific project requirements
- Determining appropriate lighting methods
 - Calculating lighting parameters
 - Implementing control systems
 - Selecting optimal equipment
 - Refining designs

Our Services

Manufacturing

We combine precision engineering with quality materials to create products that exceed industry standards. Every product undergoes rigorous testing before delivery.

Supply

We source high-quality components that align with project specifications, either from our extensive catalog or through custom manufacturing solutions.

— Our Services

Installation

Our team supervises the installation process and conducts thorough inspections upon completion to ensure quality standards are met.

Warranty

We stand behind our products with comprehensive warranties and promptly replace any items that fail to meet our rigorous standards.

Up Lights

A modern office interior with a long, white reception desk in the foreground. Behind the desk are several laptops and a vase with dried flowers. The background features large windows offering a view of a city skyline and water. The ceiling has exposed ductwork and linear lighting fixtures. The overall color palette is blue and white.

Projects & Clients

We've successfully completed projects for residential, commercial, hospitality, and public sector clients across our operating regions.
